

European Information Technology Observatory – EITO is established in 1992 as an independent, nonprofit organization, financed by a large number of industrial sponsors, including European Commission and OECD. Starting from 2003 EITO submits reports on yearly basis and offers information for European and global markets for information technology, telecommunications and consumer electronics. Since 2008, the EITO is managed by [Bitkom Research GmbH](#), a wholly owned subsidiary of [BITKOM](#), the Federal Association for Information Technology, Telecommunications and New Media in Germany. EITO is also collaborating with leading research institutes including IDC and GFK. The research activities of the [EITO Task Force](#) are supported by the [European Commission](#) and the OECD. Members of EITO Task Force are experts from the ICT market and from the countries which are included in the EITO reports. MASIT's representative of EITO Task Force is Mr. Petar Indovski – Gord Systems.

Ten national European IT associations are research partners of EITO. MASIT has become a partner of EITO on 1st of January, 2009, with which obtains the right to dispose with all kinds of reports that EITO provides, as well as with all PR texts for the ICT industry trends.

Since 2014, Macedonia is included in the EITO ICT Market Report.

EITO prepares reports for IT industry trends in several categories:
